

Willow Tree

Diana Jones

Am

Ain't no vipers at my door.

F **C** **F**

Ain't no vipers at my door.

F **C**

No silvertongued strangers

C **F**

Comin' round no more.

Am

Ain't no vipers at my door.

I should know, I've seen my share.

I should know, I've seen my share.

A host of demons has lingered there.

I should know, I've seen my share.

I was there when the judgment come.

I was there when the judgment come.

I stood transfixed, I could not run.

I was there when the judgment come.

It'll come for me, it'll come for you.

It'll come for me, it'll come for you.

Open your door, let the rapture through.

It'll come for me, it'll come for you.

You can bend like the willow tree.

You can bend like the willow tree.

Release your sin, fall down on your knees.

You can bend like the willow tree.
