

Yours Forever Blue

Steve Earle

(Instr)= A, D, E7, A

A

1, Since you left me baby I've been true to you
I don't run around with every gal in town

D

The way I used to do

E7

I'm startin' over new

A

Yours forever blue

2, I wrote you a letter and every word was true

I apologized for all my lies

And the way I treated you

Signed it "lonely fool"

Yours forever blue

(Instr)

Lately I've been hurtin' deep inside of me

My poor heart's broke and every ragged stroke

Brings back your memory

Keeps me wantin' you

Yours forever blue

But I don't need no doctor to tell me what to do

'Bout this spell of yours 'cause there ain't no cure

Even if I wanted to

Can't get over you

Yours forever blue

If you ever want me you know what to do

Just call my name 'cause I ain't ashamed

To crawl on home to you

If you want me to

Yours forever blue

I'm gonna buy myself a guitar

Any kind'll do

The only song I know play it soft and low

While I moan the blues for you

The whole night through

Yours forever blue
